Customized itinerary, all taxes and gratuities, \$2,000,000 liability insurance

Projected cost of this trip is approximately \$1,510 per person.

We are currently working with multiple airlines. We must have a firm head count of students and parents who intend to participate in this trip so we know how many seats to book. Please plan ahead on the trip payments. We have from now until February to pay for the trip. That means payments of approximately 282.00 per month to pay it off.

Please discuss this trip with your parents and return this form, along with an initial non-refundable deposit of 100.00 no later than Monday, September 11. Orchestra fees need to be current before we can accept your deposit for the trip. To be included in our trip count, we must have your first deposit by September 11. Payments received after that would be added to a waiting list and would only be added to the trip if spots become available.

Please sign below if you intend to participate in this trip.
